

Our goal is to provide and maintain a good physician-patient relationship. One of our objectives is to provide you with the highest quality health care in the most cost-effective manner. Letting you know of our office financial policy in advance allows for clear communication and enables us to have a successful physician-patient relationship with you and your family.

Please read this carefully and if you have any questions, please do not hesitate to ask a member of our staff.

## I. Release of Information for Billing purposes

I agree that Boston Sports & Biologics will release to and receive from my insurer(s), other payers, or other persons as necessary for billing and related purposes, at reasonable times and in accordance with current policies and procedures, any information which may be needed for billing, collection or payment of claims for services provided.

This information may include my identity, diagnosis, prognosis, and treatment for physical illness, injury, surgical procedures, progress notes, and all other information contained in patient care records to the extent that such records are needed for billing or collection of benefits due to me from any payer. I understand that I have the right, upon request, to inspect and receive a copy of all such records being disclosed

#### II. Insurance

- 1. On arrival, please check in at the front desk and present your current insurance card at every visit. This is your verification of the correct insurance and consent to bill your insurance company on your behalf. We want to help you receive the maximum allowable benefits from your insurer and in order to do so, we must have accurate and complete insurance information on file for you at each visit.
- 2. It is your responsibility to bring your most current insurance card to your appointment. It is our responsibility to verify that we accept your health insurance plan. If we do not accept your health insurance plan you will be notified prior to providing any health care service.
- 3. We will verify your benefits, and if we are not contracted with your insurance company you will be informed that we do not participate in your health insurance plan at the time of scheduling your appointment. If we do not accept your insurance, we will be considered "out-of-network," and you will be provided with a good faith estimate of what will be billed and what would be your potential out-of-pocket cost as detailed in section IV.
- 4. You are not required to get care "out-of-network." You can always choose a provider or facility in your plans network. If you decide to proceed with our practice, you will be asked to sign a waiver acknowledging that this information has been provided to you.
- 5. Boston Sports & Biologics does not provide referrals to see another provider. We may provide suggestions for other physicians or hospital organizations. Many HMO/Managed Care plans require you to obtain a referral. If you require a referral to see another provider this will have to be obtained from your primary care physician.

- 6. To see one of the physicians at Boston Sports & Biologics, you may require a referral from your primary care physician. The established rules for referrals vary widely. Some insurance plans allow patients to self-refer to physicians. Many HMO/Managed Care plans require that referrals be approved by your PCP prior to any scheduled appointment with a specialist. You are responsible for calling your PCP's office to assess your needs before your visit.
- 7. If you do not have a referral on file prior to the visit, you can request to reschedule the visit. If you do not have a referral on file prior to the visit, and you want to proceed with the visit you will asked to sign a waiver acknowledging that you understand that without a referral, your health care insurer could refuse to pay and you could be held responsible for the entire cost of the office visit (not just the co-payment or deductible).
- 8. Uninsured (or self-pay) individuals will be provided with an estimate of their costs prior to treatment and payment is expected on the date of service.
- 9. If we are "out-of-network" and we <u>do not</u> provide a written notice that we do not participate in your health insurance plan and provide you with a waiver, then we will only bill you for the amount that would have been required as a copayment, coinsurance or deductible as if we were covered by your health insurance plan.
- 10. Secondary insurance claims will be filed with secondary insurance if adequate information is received at the time of service. However, if secondary insurance payment is not received in our office within 45 days after filing, the responsibility will be transferred to the patient and due upon receipt.
- 11. As a participating provider of Medicare Part B (Physician Services), Boston Sports and Biologics will only bill you for your Medicare coinsurance, deductible, and any services rendered but not covered by Medicare. All other services will be billed directly to Medicare. If you have Medicare Part A only, then the services you receive from our practice will not be covered by Medicare.

#### **III.** Worker's Compensation

- 1. If you are being seen for a work-related injury, we will need documentation of your claim information prior to scheduling the appointment with appropriate approval for the visit. If we do not receive this information, you will be responsible for payment of the services at the time services are rendered.
- 2. Information required regarding your claim: caseworker/adjuster name, phone number, and fax number; claim number; date of injury; name of insurance company.

# IV. Consent to Treatment Using Telehealth/Telemedicine or Email Communication

- 1. I consent to treatment involving the use of electronic communication, whether by telephone telehealth/telemedicine visits, video telehealth/telemedicine visits or by email communication.
- 2. While the likelihood of risks associated with electronic communication in a secure environment is minimal, the risks are nonetheless real and important to understand. Risks of electronic communication include, but are not limited to: technical problems or equipment failures that could result in lost information or delays in treatment and that it is easier for electronic communication to be forwarded, intercepted, or even changed without my knowledge and despite taking reasonable measures. Despite reasonable efforts on the part of my healthcare provider, the transmission of medical information could be disrupted or distorted by technical failures. The healthcare provider is not responsible for breaches of confidentiality caused by an independent third party or by me.

- 3. I understand and agree that a medical evaluation via telehealth may limit my healthcare provider's ability to fully diagnose a condition or disease.
- 4. I understand that I have a right to withhold or withdraw my consent to the use of electronic communication in the course of my care at any time, without affecting my right to future treatment and without risking the loss or withdrawal of any program benefits to which I would otherwise be entitled.
- 5. Boston Sports & Biologics will operate under the assumption that insurance companies will reimburse for electronic communication. I consent to forwarding my information to a third part as needed to receive these services, and that existing confidentiality protections outlined in this document apply to these visits and/or communications as well.
- 6. I understand that electronic communication, whether by telephone telehealth/telemedicine visits, video telehealth/telemedicine visits or by email communication, will be billed in the same manner as a regular office visit. My financial responsibility will be determined individually and governed by my insurance carrier(s). Boston Sports & Biologics will collect Co-Pays, Co-Insurance, and deductibles as required by your insurance company. Boston Sports & Biologics will also waive Co-Pays, Co-Insurance, and deductibles as required by your insurance company.
- 7. If electronic communication, such as telehealth or telemedicine visits or email communication, are not covered services then the first communication will be free. If electronic communications are not a covered service by your insurance company, then Boston Sports & Biologics will attempt to schedule additional visits in the office as "covered visits" or we will provide the option for self-pay telehealth or telemedicine visits for any subsequent visits.
- 8. I understand that electronic communication should not be used for emergencies or timesensitive matters. Emergency communications should be made to the provider's office or to the existing emergency 911 services in my community.

## V. Right to a Good Faith Estimate

- 1. As a patient, you have the right to request a good faith estimate for Under Section 2799B-6 of the Federal Public Health Service Act. A Good Faith Estimate shows the costs of items and services that are reasonably expected for your health care needs for an item or service. The estimate is based on information known at the time the estimate was created.
- 2. The Good Faith Estimate does not include any unknown or unexpected costs that may arise during treatment. If this happens, and your bill is \$400 or more for any provider or facility than your Good Faith Estimate for that provider or facility, federal law allows you to dispute the bill.
- 3. According to Massachusetts law, An Act Promoting a Resilient Health Care System that Puts Patients First ("Patients First"), financial information regarding scheduled procedures or services will be provided verbally at the time of scheduling the procedures or service. A written invoice with the good faith estimate will be provided within 3 business days upon request. If the procedure is a self-pay procedure, you are not using your health insurance or we are "out-of-network" with your plan, then the invoice will be provided in writing prior to the procedure.
- 4. In some cases, we may be unable to quote a specific cost in advance because they cannot predict the specific treatment you will need or your responsibility according to your specific

# **Financial Policy**

insurance plan. At your request, we will provide an *estimated* maximum for the medical procedure or health care service. There are no facility fees for in-office visits or in-office procedures.

#### VI. Financial Responsibility

- 1. According to your insurance plan, you are only responsible for paying your share of the cost (any and all co-payments, deductibles, and coinsurances).
- 2. Uninsured (or self-pay) patients or patients undergoing a procedure that is not covered by their insurance plan will be provided with an invoice with a good faith estimate of charges due for the services rendered at the appointment. Unknown or unexpected costs that may arise during treatment, and will be discussed with the patient providing a verbal quote that may be higher or lower than the initial estimate. No procedure will be performed that will alter the initial estimate without written notice and consent agreement by the patient.
- 3. Uninsured (or self-pay) patients are expected to pay for services in FULL at the time of the visit. Patient that are scheduled for non-covered procedures are expected to pay for services in FULL at the time of the visit.
- 4. Not all services provided by our office are covered by every plan. Any service determined not to be covered by your plan will be your responsibility.
- 5. Patient balances are billed immediately on receipt of your insurance plan's explanation of benefits. Your remittance is due within 10 business days of your receipt of your bill. Any outstanding balance unpaid for more than 90 days may be forwarded to a collection agency unless other arrangements have been made. Accounts that are turned over to collections may result in dismissal from the practice. *If special circumstances make immediate payment impossible, payment arrangements must be approved by our business office staff.*

#### VII. Grievances

- 1. If you believe you've been wrongly billed, you may contact our office at (781) 591-7855 or info@bsbortho.com.
- 2. To file a complaint with the Board of Registration in Medicine's (BORIM) Consumer Protection Division: https://www.mass.gov/submit-a-complaint

## **Document Acknowledgement**
